K of C Knightly News
 St. Elizabeth Ann Seton Council 11187, Pickerington Ohio

Dear Brother Knights,

HAPPY EASTER. I hope this Lenten season finds you all in good health. With the arrival of spring and warmer weather, hints of green are appearing and the first flowers are blooming. We're witnessing nature's resurrection daily and soon we will celebrate the death and Resurrection of our Lord Jesus Christ. Let us all take some time in the coming days to reflect on this glorious event.

We had another very active month in the Council. We held four Fish Fry's and I believe everyone would agree that the quality of the food and the company has been exceptional. I am very glad to see several of our newer Knights, and some veteran Knights, joining us in the kitchen. For those of you that have not been able to participate so far, there are still opportunities available. I also want to thank those Brother Knights that have spent so many hours during the week and all day on Friday shopping and preparing the food. Without their sacrifices, we would not have been as successful. And lest I forget, THANK YOU LADIES! Your donations of desserts and the help you provide during the events has been wonderful.

Our Admissions Committee has been working overtime also. We had eight new members join our Council at the Diocesan First Degree on March 22 that we hosted at Seton Parish. As usual, our recently certified First Degree team did a spectacular job. I'd like to welcome our new members and my thanks to all those who proposed, interviewed or participated in the Membership effort. The Council and the Order continually need new members to assist us in carrying on the vision of Father McGivney. If each of us would sign up just one new member, just imagine the good works we could do.

The coming months promise to be just as busy. In addition to the remaining Fish Fry's, we have the Blue Coat Dinner, Clipper ticket sales, the Fourth Degree Exemplification and the Measure Up campaign on the horizon. Additional details are available in the newsletter or better yet, come to the Business meeting to get involved.

CHANCELLOR'S CORNER

Brother Knights,

On the eleventh of this month, we celebrate Easter Sunday and Christ's Resurrection and victory over death. This is the most important season of the Church calendar. The church will be filled to capacity and beyond once again, as it is each Christmas and Easter Mass. We will once again assist with the overflow of parking and traffic, as families dress in their new spring finery and come to Mass before hurrying home to Easter egg hunts, chocolate bunnies and jellybeans.

It does cause me to wonder, however, why the church is not filled to capacity *every* Sunday? After all, are we truly fulfilling our role as Catholics if we attend mass twice a year? Shouldn't every Sunday Mass be as well attended as Easter? I know I'm not the first to ponder this question. Our Pope, John Paul II, has written previously on this topic.

In his apostolic letter, *Dies Domini*, the Pope characterizes Sunday, The Lord's Day, as "Easter all year long." His Holiness teaches that Sunday has always been given special attention in the history of the church because of its close connection with the core of the Christian mystery. Sunday recalls the day of Christ's Resurrection, and as such it is "Easter which returns week by week." In commemorating the day of Christ's Resurrection every week instead of just once per year, the Pope writes, "...the Church seeks to indicate to every generation the true fulcrum of history, to which the mystery of the world's origin and its final destiny lead." (*Dies Domini*.)

The importance of Sunday Mass was reaffirmed by the Second Vatican Council with this emphatic statement: "Every seven days, the Church celebrates the Easter mystery. This is a tradition going back to the Apostles, taking its origin from the actual day of Christ's Resurrection- a day thus appropriately designated "the Lord's Day." Each Sunday, then, throughout the year is the day on which Christians are called to celebrate their salvation, not just one day per year.

In closing, I leave you with the following words from the Pope: "Sunday is a day which is at the very heart of the Christian life. The rediscovery of this day is a grace which we must implore. Time given to Christ is never lost, but is rather time gained, so that our relationships and indeed our whole life may become more profoundly human." (*Dies Domini*). Our challenge, then, is to not become occasional or "seasonal" Catholics, but to attend Mass each Sunday and celebrate "Easter which returns week by week" by giving time to Christ. In so doing, we will experience the spiritual and pastoral riches of Sunday in the rich tradition of our faith.

Happy Easter to all!

Pew Crew Thanks,

I would like to thank the fellow Knights that worked on the Pew Crew this week. We finished all the wood in the fellowship area. It took us two sessions of an hour and a half.

I will put it on our schedule every quarter. I am also looking for the polish for the next session that the manufacturer recommends ... so far it's pretty elusive to find.

Council 11187 Business Meeting - 3/8/2004

Meeting opened with prayer and pledge of allegiance.
Reading of Minutes waived by motion of Ray Creamer 2nd by Joe Coffey. Accepted by acclamation.

Presentation of Measure Up checks to Special Olympics and Fairfield Industries prior to the meeting.

Admissions Committee & Reading of Application:

Mike Croyle read 5 new candidates:
Mark Bailey, Jim Hatem, Tom Wagner, Mark Elston, and Ted Harris. Neil congratulates new 3rd degrees. Bob Martin, Ty Tomson, Craig Walkins, and Joseph Vadala.

Grand Knight's Report:

My thanks to George Williams for coordinating the last Measure Up campaign. As you heard, the charities we support really need and appreciate the funds. Once again George has volunteered to chair this event and he will welcome any help he can get.

Fish, fish and more fish. The Fish Fry's the last two weeks have been well attended, both in and out of the kitchen. This past week's dinner went extremely smooth – if you exclude my little fire problems outside with the wind and the regulator. My thanks to all who helped, especially Bog for his time and effort early in the day. There are still four more dinners so if you can't work the event, please attend and bring your family, neighbors and friends.

Once again we'll be selling Clippers tickets to benefit Special Olympics and this year's chairman is Harry Clyburn. I'm very happy to have a newer member step up and chair this event. Thanks Harry.

We've turned in the forms for the creation of a Squires Circle and we're waiting for approval from State & Supreme. Let's keep talking about it to any young men you know so they don't lose interest while we're waiting for the paperwork.

We'll be hosting the Diocesan First Degree here on 3/21. I encourage anyone that can to attend especially if you haven't been to a First degree in a while. We all know that you can't have a First Degree without candidates and we all need to keep looking for those men that would make good Knights. One individual in our midst has proposed two new members and has been enrolled in the Very Important Proposer's Club. I'd like Pat Cleary to come up and receive his certificate.

We'll also be hosting the Chapter meeting on Thursday, April 1. If you'd like to see Brother Fran in action or meet some of the other councils in the area, here's a great opportunity.

I have one person that I wanted to recognize last month but I was unable to. This individual has stepped up to run the Monte Carlo night, help with Fish Fry's, work on the degree team and anything else that comes up. I know I'm looking forward to him putting a shamrock on my beer at the St. Patrick's day party. Our Knight of the Month for February is Joe Coffey.

I mentioned the Fish Fry's earlier but one thing I didn't mention is the great desserts we've gotten in the kitchen. It seems that Bob & Kathy Eisenacher wanted to make sure that

the kitchen crew didn't miss out on the good deserts so they've made sure that apple pies, cream pies, strawberry pies, etc. get reserved for the workers. Besides the deserts, Kathy & Bob have put in a lot of effort to make the last two dinners come off smoothly. I'd like to recognize them as the March Family of the Month.

There's another individual in our Council that can always be counted on to lend a hand whenever we need it. Besides editing the newsletter, being music director for the Degree team, serving as the webmaster for our Council, the Assembly, the Chapter, the parish and the Boy Scouts, he's also the current Faithful Captain of Assembly 809. I've also got it on good authority that he knows how to change a tire in the rain - in a tux for a Brother Knight. By now you all know I'm talking about our friend and Brother Knight - Jesse Garcia - Knight of the Month of March.

APRIL: How Your Dividend Can Enhance Your Coverage

There's a simple - and painless - way to increase your permanent life insurance coverage. How? By using your policy dividend to purchase paid-up additions. When you choose this option, your dividend becomes a single premium that purchases additional insurance on your life. How much depends on your age: A \$500 dividend will buy more insurance if you're 25 than if you're 50.

Over time, the increase in your policy's face value - the amount you're insured for - can increase substantially. What's more, your paid-up additions build cash value and are eligible to receive dividends, beyond that of the base policy and with no current tax liability. (Note: dividends are not guaranteed.) Regardless of your current health, paid-up additions are purchased at a standard rate.

One final note: You aren't stuck with any particular choice. At any time while your policy is in effect, you can change the way your dividends are paid to you. The other dividend options include: Leaving them on deposit to accumulate interest. Taking them as a cash payment. Applying your dividend to pay all or part of your premium.

As your field agent, it's my job to help you to understand the options available to you - and to help you to make any changes in your coverage. Just give me a call.

Life insurance makes the difference

Dear Ann Landers:

I am a 48-year-old widow with four children. My husband died suddenly of a heart attack last year. Needless to say, this has been a very difficult time, but thanks to my husband's loving foresight, our family is doing well. Throughout our marriage, in spite of tight budgets and financial difficulties, he maintained substantial life insurance policies on both his life and mine. Even with my full time job, I would not have been able to manage had it not been for his insurance money. At least our children's grief over the death of their father was not compounded by the loss of their home and friends.

I am shocked by the number of women who have told me in confidence that they are concerned because their husbands have little or no life insurance. They have two cars, a boat and costly vacations. They give their children music lessons and orthodontic braces, but they ignore the possibility of what their children would do if the principal (sic) breadwinner were to die or become disabled.

Many people have small insurance coverage through work and believe it is enough. They need to wake up, Ann. It cost me \$15,000 just to bury my husband. I'd hate to think of where I would be now if that dear man hadn't loved us enough to make sure we were provided for after his death. ---**Carol in Martinez, Calif.**

Dear Carol: If ever there was a wake-up call, your letter is it. Thank you for a letter that could make a big difference in the lives of my readers.
