## K of C Knightly News

St. Elizabeth Ann Seton Council 11187, Pickerington Ohio

### To the Ladies of the Council ...

Happy Mother's Day! It's appropriate that in May, we celebrate both our devotion to Mary, the Holy Mother of God and our appreciation for all that the Mothers in our lives have done for us. We know that we would not be able to accomplish the good works we do without Mary at our side, but without the support and love you ladies provide us, it would be an impossible task. Thank you all!

**Congratulations to  
Fr. Jim Klima on  
the 29th anniversary  
of his ordination  
May 15, 1975 - 2004**

### Dear Brother Knights,

By the time you read this, we will have completed several events. The Second Annual Blue Coat Dinner will be/was held on Friday, April 30. This year, in addition to the Pickerington Police and the Violet Township Fire Department, we're also recognizing the Fairfield County Sheriff's Department for their contributions to our safety and quality of life. The same evening and on Saturday, May 1, we will be collecting around town for the Measure Up campaign. I hope the weather has cooperated and we had a productive effort since the proceeds from this campaign are very important to the operation of local programs to help the mentally handicapped. In addition, on Saturday, we are assisting with the First Communion Masses as file leaders. Congratulations to all the First Communicants and their families. What a weekend!

We have one more First Degree scheduled for this fraternal year. It will be held on Monday, May 3. Please plan to attend to show your support for our new members. On Wednesday, May 5, you have the opportunity to literally give a little of yourself at the Blood Drive. For all those that can donate, I encourage you to take an hour and participate from 2:00 to 8:00 pm at Seton.

The Columbus Chapter Awards dinner will be held on Friday, May 14, at Da Vinci's restaurant starting at 6:00 pm. I am pleased to announce that this year we will be recognizing Brother Joe Coffey as our Knight of the Year. Joe has been active in virtually every event held from chairing the anniversary party, mixing batter at the Fish Fry, or co-chairing the Monte Carlo Night. Our Family of the Year is Edd and Vicki Chinnock. Their commitment and involvement in the Pro-Life movement should serve as an inspiration to us all. They are also involved with the youth of our parish and Edd was a driving force in getting the Squires Circle off the ground. On behalf of us all, I'd like to thank Joe, Edd and their families for everything they have done for us.

In the last month we also added 9 new Sir Knights to our Council and 7 Brother Knights have completed the Second and Third Degrees. Congratulations to you all. Soon we'll be able to recognize a new group to our growing Knights family. We will be hosting an Investiture Ceremony for our new Squires Circle on Sunday, May 16, at Seton.

As the fraternal year winds down, keep in mind that the election of officers is coming up soon. If you are interested in running for office or serving as a Director let the election committee or any officer, know of your intention.

## CHANCELLOR'S CORNER

Brother Knights,

In 1914, President Woodrow Wilson officially proclaimed the second Sunday in May as Mother's Day. It is on this day each year that we take time to honor the person who has the most profound influence on our lives. Sorry, fellas, but we fathers generally come in second place when it comes to shaping the personalities, beliefs and faith of our kids.

Throughout the ages, authors and great thinkers have paid homage to motherhood. Abraham Lincoln said, "I remember my mother's prayers and they have always followed me. They have clung to me all my life. All I am or can be I owe to my angel Mother." George Washington is quoted as saying, "My mother was the most beautiful woman I ever saw. All I am I owe to my mother. I attribute all my success in life to the moral, intellectual and physical education I received from her." Oliver Wendell Holmes said, "Youth fades; love droops, the leaves of friendship fall; a mother's secret hope outlives them all." And an old Jewish proverb states that "God could not be everywhere and therefore he made mothers." All of us, sons and daughters alike, owe much to our moms for the individuals we have become as adults.

*"As Catholic men,  
we must love our  
spiritual mother,  
Mary, equally."*

I have written in previous articles that our Pope believes strongly that parents are the first evangelizers for their children. I agree, and I believe that in the traditional family, mothers are the most important influences on children. And why should that not be true? After all, the care, mercy and love we receive from our earthly mothers are a reflection of the love and care our savior Jesus received from his Mother, Mary. And by praying often to the Blessed Virgin, we can receive her love and care in our daily lives, for she is our spiritual mother. As such, she is with each of us throughout our lives, giving help from the moment of spiritual birth at Baptism to the moment of death. Pope Pius IX stated the case for having confidence in Mary's intercession on our behalf as follows: "The foundation of all our confidence is found in the Blessed Virgin Mary. For God has committed to Mary the treasury of all good things, in order that everyone may know that through her are obtained every hope, grace, and salvation. For this is God's will, that we obtain everything through Mary."

In conclusion, then, our challenge is to remember always to appreciate the unerring and unending love and care we receive from our mothers, and to never forget the sacrifices they made for our sake. At the same time, we must also remember always to ask Mary, the Blessed Virgin, our spiritual mother, to pray for us and our families and care for us as her spiritual children. An anonymous quote states, "The best thing a father can do for his children is to love their mother." As Catholic men, we must love our spiritual mother, Mary, equally.

Happy Mother's Day to our Ladies and Moms!

## Insurance Corner: MAY: Two Incomes Equals Two Insurance Needs

In the days of "Ozzie and Harriet," most families fit one description. Fathers worked full-time, while mothers remained home, raising the kids and taking care of the house. Nowadays, some families do still fall into the traditional, one-paycheck category. Yet others must rely on two incomes to make ends meet - even if one parent works part-time or from home.

As much as things change, they remain the same. This maxim certainly holds true with life insurance planning. If someone earns an income to support a family, family-income protection through life insurance is of utmost importance.

As your agent, I can do a needs analysis for both of you. I'll take into consideration the amount and the sources of your income, and suggest different ways to provide sufficient life insurance coverage for you and your family.

You take it for granted that you and your family should get an annual checkup from your doctor. But you'd also benefit from a financial checkup. Now's the time, because chances are, your life and your financial obligations become more complicated each year.

Here's good news for married people: If a husband and wife purchase permanent insurance policies at the same time, they can get our Spousal Waiver of Premium rider added to each policy at no cost. You have to apply for insurance on or before your 45th birthday, and you both must qualify for insurance at standard rates. The Spousal Waiver of Premium Rider is an excellent feature for both dual-income and one-income families... and everybody in between.

Call me. I'll be glad to meet with you and your spouse.

The fish fries were well attended and want to thank everyone that worked them.

There are too many people that worked the Fish Frys for me to single out, but there was one family that was there every week. They showed up early to set up table and chairs, silverware, drinks and anything else that needed to be done. Additionally, they've volunteered to bring breakfast food at the Fourth Degree exemplification this weekend. I'd like to recognize Frank and Betty Sanderell as the April Family of the Month.

We sold 100 pounds to Brother Knights and donated the remaining 170 lbs of fish to the Holy Family Soup Kitchen on West Broad St. The Soup Kitchen was founded by Msgr. Francis Schweitzer over 20 years ago. They were very grateful for the donation since they serve about 800 meals a day! This is in addition to 150+ families they support through their food bank. My thanks to Brother Pat Cleary for transporting the fish to the food bank.

## Down the Slippery Slope

The Supreme Court took the first step on the slippery slope of moral relativism with its "Roe" decision legalizing abortion throughout the entire nine months of pregnancy. Since then it has continued ever faster down the slippery slope with decisions that erode respect for life and support the culture of death. The decisions made by liberal judges across the country are now being based on moral relativism - moral standards based on what society now considers correct - rather than on the strict set of unchangeable God given morals that our country was founded on. These 'shifting sands' undermine the laws that govern our society - what was illegal today may be legal tomorrow and vice versa.

We live in a society that is radically changing the internal attitude about how we look at human life. In "The Catholic Way", Pittsburgh Bishop Donald Wuerl describes this attitude shift:

"Increasingly public policy reflects a disregard for God's dominion over life and attempts to substitute our own power. This is the most significant single attitudinal change in modern history. Our culture and civilization are based on the principle that God alone has dominion over human life, and neither individually nor collectively are we free to destroy innocent human life. Opposing this truth is the contention that we are the lords of life and that, if we decide we have good reason, we can make legal the taking of innocent human life.

Nothing has more advanced this false vision of life than the case for legalized abortion. At the heart of the abortion argument is the belief that we have dominion over human life and can take that life if it becomes inconvenient to us. Scrape away all of the rhetoric, and at the core of the abortionist movement is the rejection of the injunction, 'You shall not kill'.

The effects of the culture of death are not confined to the unborn. The elderly and disabled of our society are more and more considered as burdens. The disrespect for human life that began with the very first legal abortion has now grown into a culture where people will have to meet a 'quality of life' standard in order to justify their continued existence.

The assumption that to be old, disabled, or dying renders you worthless has fostered a terrible premise that seeks to eliminate the 'imperfect' from our society. Masked by a false mercy, euthanasia is often promoted as the right and good thing for society to do. Many are actively working to legalize euthanasia, already a reality in one state.

The word 'euthanasia' means a 'happy' or 'easy death'. Today in our culture the word is translated as 'mercy killing'. Most of the media emphasis is now on *mercy*, but we must never forget that the action is *killing*. Advocates of assisted suicide, carried out either by a physician or by a family member, challenge the Church's teaching. They say, in effect, 'I can end life if I have the intention of doing it with mercy.' Yet suicide and euthanasia are 'false mercy.' We do not respect human life by destroying it."

From "The Catholic Way", Bishop Donald W. Wuerl, Chapters 71-72.

As pro-life Knights, we must support political candidates and judges who will reject moral relativism and support unchanging moral standards as given to us by God and accepted by all societies in the past.
